Subud East Coast Regional Gathering

Mark your calendars! We are excited to announce the 2013 SEC Regional Congress will be held on Memorial Day Weekend, May 24 through the 27, at the [Viriden Retreat Center](#) in Lewes, Delaware. Please click on the link for more information about Viriden Center and its location.

Registration will begin soon. Viriden can accommodate up to 50 overnight guests, with space for overflow attendees at a nearby hotel. They also provide dining services to suit all tastes and requirements.

Lewes, Delaware is across the Delaware Bay from Cape May, New Jersey. It boasts beaches, a nearby waterpark, tall ship museum, fishing, golf, and much more.

Room rates at the retreat center are \$90 per room per night and can accommodate up to 3 people. As soon as the menu is determined we will have a better idea of the cost for meals.

All in all, this venue is a true blessing and will offer us a wonderful weekend for getting together, kedjiwaan and relaxation. Make your plans now!

Subud Washington DC Center Update

January 19 2013

1. The entire site, 1 acre, has been cleared, leveled and multiple truck loads of dirt have been brought in for sufficient topography. The water main has been tapped with a 2 " line. It is staked and ready for the digging of the foundation.
2. A major effort, with multiple complexities, a code review and redesign to meet the codes (fire and safety in particular) with a professional architect has produced a final draft which is very near completion for a permit set. Building permits will be applied for in the next several weeks.
3. A professional arborist has reviewed the landscape plans and will help us procure the plant material--all within prescribed codes.
4. Adjacent to the building site another acre with an older brick house has been renovated and is temporarily housing the Subud USA National Office, Susila Dharma Office, and Subud Wash. DC. until the Center is built. It is also providing a home for the new Administrative Assistant for Subud USA.

A very long labor of love mixed with turmoil and miracles has settled and our new Center is

becoming a reality. We will be launching a final fundraiser for a push to the finish as soon as we receive the last building permit and the modular structure is under construction.

Your contributions have been so appreciated and have sustained the efforts to date. We hope you will continue to support this venture and receive the gifts of a new Subud Center in the near future.

This is a short summary and if anyone would like to have more information, we are open and willing to be engaged with you.
